Recommendations: The Western Region is comprised of 13 States and Manitoba province in Canada. There is a total of 40 active Sigma Phi Alpha Chapters in the Western Region, but not all are identified in this report unless they responded in the prior year/previously sent an annual report. I recommend continued contact, with the institutions that have no active chapter and individual contact with remaining chapters as few annual reports were submitted this year; again, perhaps requests should be done twice a year to encourage reports. If a contact and chapter are identified with an email, I can facilitate this. I have fewer annual reports submitted this year in comparison to last year. Again, I'm open to suggestions from other Board members to improve communication & participation and even investigate ways to highlight chapters online-via the SPA Website.

Financial Expenses: None.
